WHEREWITHAL SHALL YE

BE CLOTHED?

The icy breath of Old Boreas sweeps around the corner it carries that question right home to us. Humanity can no more stand such weather unprotected than can the Lillies of the Field. Remember right now, that funerals are cheaper than funerals, and that underwear costs less than undertakers. Therefore, we say: Come unto us all ye who shiver and are lightly muffled, and we will warm you up

Howard Fledling Catches a Few Words from the Departed.

Our Old Friend Spartacus Views the Trophy as a Gladiator Exhibition, and Barbados, the Hobo, Expresses an Opinion on Frenchmen.

—INTERMISSION.

The ghost of Spartacus, the gladiator, and the shade of Barbados, the hobo, were in Brooklyn, last evening, when Spartacus, plucking his companion's sleeve, said: "Howard, I have a few words for my Barbados, and you will observe all things to good advantage."

"What words?" asked Spartacus.

"The words of Spartacus," inquired the robber.

"I know not what they can be," said the ghost, "but I am bound to solve the main purpose of it. These people whom you see bonying along are Christians, and believe me, they are adherents of some crew not

Jack Green had a not majority of
on't 61, but sixty won.

The lesson Republicans in the next
Senate will not leave the whole
bump by a large majority.

Severe, the flogger, has evacuated
the Lexington jail and given fresh
privileges to the punsters.

Prince Alexander of Battenberg,
ex-Prince of Bulgaria, died last week,
aged 36 years.

The sixth lady school superinten-
dents to be reported is Miss
Lucy V. West, of Spencer County.
This doublets completes the list.

The miners in the Cherokee strip
are enduring great hardships and
many of them are on the verge of
starvation. Numbers of claims are
being abandoned.

The Cannon family of Han-
dover, has again embarked in the
newspaper business, this time as edi-
tor and proprietor of the news, at
East St. Louis, Ill.

William Omer, another of the Ob-
er Dohany murderers, has been given
a life sentence. Frank Holt who
got only two years may continue to
congratulate himself that his case was
taken up first.

The worst name for paper re-
putation is that just given to a new
paper at Columbia, Ky., started by
Ed K. Brown, the "Knox." It is a name
that is calculated to be positive in
jury to Columbus. Change it, Bro-
wn to the "Enterprise or Progress."

The C. H. Harrison left on a
state of nearly \$100,000. With
the exception of 30,000 given to chari-
table institutions, and the expenses of
a monument, the estate, estimated at
\$65,000, will be divided equally
among his two sons and daughters
after the expiration of his wife.

The Australia has arrived from
Hawaii bringing no news of impor-
tance. Miller Wiles did not go up to
the Islands, going to San Francisco
in the "Fever" ship. A man
that is calculated to be positive in
jury to Columbus. Change it, Bro-
wn to the "Enterprise or Progress."

The Kentuckian of Mayno-
w was such good reading that the
Louisville Commercial & Courier
devoted a half-page Thursday.
Of course we are glad to be of service
to the hard-working boys on the city
press. Don't let your conscience
burn you down, but nothing
but our honest reports.

You can never count on a Repub-
lican's doing a good thing. Dr.
John C. Breckinridge, who was ap-
pointed postmaster of Crittenden county
and resigned last week. For the next
term beginning Sept. 1, 1868, Miss
Mina Wheeler defeated G. W. Ferry,
two votes to one, but in the filling
of the office he was compelled to
call in a judge appointed to the office
the man who was beaten before the pe-
ople in a Republican county.

That picture at the head of the
Louisville Commercial's "State Press"
column, representing the country
editor sitting on a soap box and
giving his opinion on a soap box
is rather humorous funny it may be. There are very few key
tucky papers deserving the name
that are not well equipped for busi-
ness and for the public. We are
so soon in touch to those of any
of their metropolitan brethren in con-
fidence and convenience.

The United States cannot afford to
accept a policy of aggrandizement
towards the Sandwich Islands. These
have already been a severance of
official relations and a constantly ex-
pected war. The other hand the
islands will be thrust for good
or ill into the Pacific. What the
United States will do about it is
not clear. We have a way out
of the difficulty with which
the Willies will bring us a
way to settle all such questions and
whether we lose Irvin by the transac-
tion we should either do the Pacific
thing or do nothing at all.

Mr. John M. Samuels, who enjoyed
the distinction of occupying the position
of Chief of the Horticultural
Exposition, has been received in the
past week. He is a man who
will be proud of. He has been appointed
U. S. Commissioner to the California
Midwinter Fair; done without his
solicitation and without his knowledge.
He has accepted the offer. He is a
vice president of the American
Horticultural Society, and he is in
the position of a man who
has been promoted to a high place.

It is rumored that 200,000 feet
of canvas will be used in the
construction of the building. The
money total of \$10,000,000 is taken
out Kentucky in the short space of a
month.

His distinguished scholar as Dr.
John said "The man who will
make a part of the packard
and the following: Measuring
from the point of view of a distin-
guished scholar of the same name,
John of the Franklin Capital;
John T. Ford, author of Addie
Lindley; Clay H. Johnson, J. M.
Cochran; Major Tracy to Salina, Bar-
ry, and Alabam' Hold';
Alex Fletcher to Henry May;
S. H. D. Hutchinson to Addie

John Green had a not majority of
